MESSAGE FROM THE DIRECTOR

It is our pleasure to present the 1990 Montana Grain Traffic Statistics publication. This publication is an important source of information for Montana's agriculture industry. Information contained in previous reports has assisted Montana grain producers and marketers to be more efficient and profitable. It has been helpful in identifying existing markets and expanding into new markets.

The summary has been divided into three shipping districts in order to better assist you in understanding grain movement in Montana. These districts are indicated on the map in the introductory section of the report.

Montana's Grain Movement Summary has been recognized nationally as the best such publication in the country and is used as a model in other states. New graphic illustrations and models in this years report provide an even better understanding of Montana's grain traffic patterns.

The information contained in this report is a necessary element of making sound marketing and management decisions. It is our belief that the Grain Traffic Statistics publication will prove a valuable asset to the grain producer and marketer now and in the years to come.

Sincerely,

E M Snortland
